STYLES JUMBO SONS - YEARLINGS

These yearling bulls were weaned in OCTOBER. Fed a mixed ration of grass hay, corn silage and PAYBACK starter pellets for 21 days. Then the pellets were pulled out and added 8lbs. of whole oats, and PAYBACK R1200 Beef Balancer with keylated minerals. First part of January we bumped the oats up to 10lbs. The first part of February, because of the long drawn out cold & windy winter we added PayBack Power Booster at 2lbs per day. These bulls are FED to last. These yearling bulls selling for \$3500. or more, we will take home and feed for free and semen check them. They will be delivered after the middle of May. Bulls OVER \$3500. are eligible for the 90-day breeding season guarantee as well as the volume discount. For bulls UNDER \$3500 we still will take them home and feed them for \$3.00 per head per day, semen check them and deliver them after the middle of May. Bulls UNDER \$3500 DO NOT qualify for the volume discounts or the 90-day breeding season guarantee. You can take \$50. off if you take your bull(s) home sale day.

Cattlemen and women this year has been one for the books. Cattle prices kept rising to an all time high on all classes of cattle. However, I feel that it is just as important to have top notch genetics as well as fresh young genetics out in your pasture. Front end cattle always have an added value in your herd. We feel that this set of cattle we are bringing to town this year is as good as ever!! Even though as I sit here writing this, we are -30 and haven't seen it above 0 in a while. One good thing about this snowy cold winter we should have moisture this spring to fill up some watering holes and have a nice start on the grass. We still castrate very heavy (65%) to ensure the quality is here. All of the cattle have been doing great and putting on weight as they should. So, with all that being said we thank you for taking your time to look thru our catalog. Feel free to give us a call anytime with questions that you may have. Hope to see you on sale day.

Thanks, LBS ANGUS

CED+8 MODERATE BIRTH BULL THAT IS DEEP CHESTED AND SUPER DEEP RIBBED. THESE GROWTH MARKET BULLS WILL STAMP THERE CALVES WITH EYE APPEAL AND RIB.

THE TRADITION

Some folks just don't get it.
They think owning cattle makes no sense.
It takes too much time, too much equipment,
not to mention the expense.

But the fondest memories of my life
- they might think sound funny -
were made possible by Mom and Dad,
'cause they spent the time and spent the money.

You see, the most important lessons
helping values grow so strong,
come from loving cattle
and passing that tradition on.

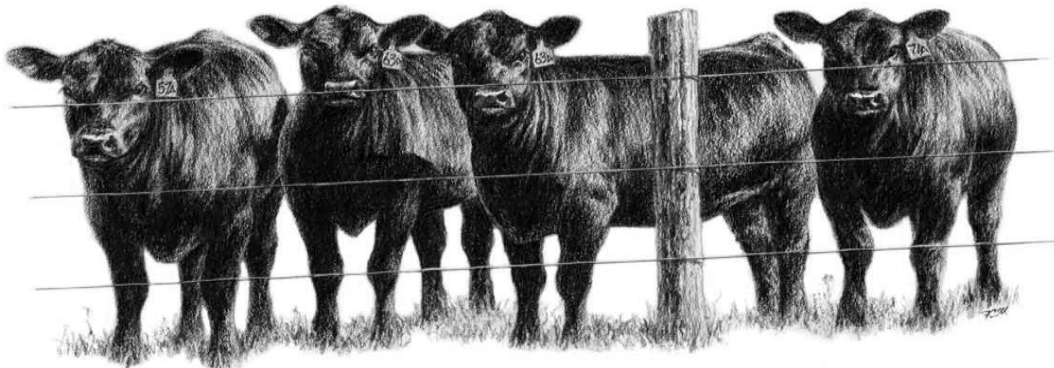

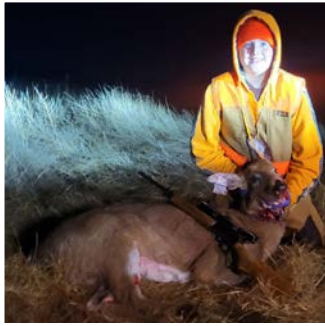

WE WOULD LIKE TO SAY THANK YOU TO OUR FAMILY, ALSO PERRY, SHARON & MARTY, AND STEVE EBERLE FOR ALL THE HARD WORK AND SUPPORT GETTING THE BULLS READY FOR THE SALE, IT IS VERY MUCH APPRECIATED.

ALSO THANKS TO JUSTIN & JADEN PAYNE AND COREY YANISH FOR TRIMMING BULLS.

BUTCH & LILA

THANK YOU
FOR YOUR INTEREST IN OUR CATTLE,
AND FOR YOUR PAST, PRESENT, AND FUTURE PATRONAGE
